

## Replacement Authorization Form

Thank you for purchasing a Liberté Copper IUD. If you have not already done so, **please contact our office for a replacement authorization number (RA#)**. If this is for a failed insertion there is no need to mail us the expelled IUD; we only require them to be mailed back if the product is found to be physically defective (ie. broken or missing parts). Please note: There is a limit of 3 IUD replacements per year, per clinic. If returning a malfunctioning unit, please let us know so that we can send you a pre-paid shipping label and arrange pick up.

Feel free to contact us if you have any questions or concerns in completing this form. **Replacement IUDs can only be shipped to clinics, doctor's offices and hospitals.** Replacements are processed and shipped out on Fridays.
